A. B. EVERETT, Traveling Freight and Pass'r Agent.

TO OBTAIN COMPLETE INFORMATION FROM THESE TIME TABLES, OBSERVE THE FOLLOWING GENERAL RULES:

Time from 12.01 midnight to 12.00 noon (A. M. time) is shown in light figures; time from **12.01** noon to **12.00** midnight (P. M. time) is shown in **dark** figures.

In time tables where stations are in middle column, and time on BOTH sides, read the figures DOWN ON THE LEFT and UP ON THE RIGHT.

The time shown opposite a station name is the time trains are scheduled to be at such station. Where neither "Ar" nor "Lv" appears opposite a station name, the time of PASSENGER trains opposite such a station will be considered both the arriving and the leaving time. Where no time is shown, trains do not stop.

STATION INDEX on pages 4 and 5. The NUMBERS SHOWN IN STATION INDEX indicate TABLES.

On the double-page map reproduced in this folder, numbers shown at various points along the line. Refer to tables where time of trains is given.

In many tables you will find pairs of ruled lines with one or more stations intervening. Such rules indicate that stations thus set apart are located on lines branching out from the line covered by the table. If your destination is on the main line of the table, and not on one of these branching lines, let your eye jump both rules in tracing your schedule.

ALL REFERENCE MARKS IN TIME TABLES SHOULD BE NOTED VERY CAREFULLY.

If You Are Planning a Trip Between Rock Island Points

look first at the map. Then find your starting point and your destination in the index and turn to the table whose reference number appears opposite both stations.

If a change en route is necessary, locate your junction point on the map; then turn to the table in which your starting point is shown and trace your schedule to that junction point. Opposite that junction point will be a number referring you to the table in which schedules to your destination will be given.

If more than one change is necessary, use table map reference numbers and STATION INDEX similarly to locate schedules between junction points.

CONDENSED SCHEDULES — TABLES A to M, are of assistance in planning local as well as extended trips. EQUIPMENT of through trains is shown on pages 6 and 7.

If further information is desired, any Rock Island agent or representative will be glad to assist you.

TRAVEL PLAN

FOR BUSINESS

Enjoy the restfulness of train travel to your destination; then step into a new automobile to make your business calls.

FOR PLEASURE

Relax as you make your trip by train; then use a new automobile for a side-trip, as long as you choose.

The Rail-Auto Travel Plan combines the best of two methods of travel. Your ticket agent can give you all the details, make all arrangements. Try it next trip!

RAIL TRAVELOAN SERVICE

Ready Cash for all Travel Expenses

Under Traveloan Service the participating banks provide qualified applicants with funds for railroad accommodations and any other expenses for the trip.

- **Helps you travel now, not just "some time"**
- **It's simple, convenient to get and to repay**
- **Provides prestige and bank reference**
- **Is handled promptly**
- **Is available in most cities in the United States**

See your nearest railroad or travel agent for details.

RAIL TRAVEL CARD

A New Charge-It Service

To make rail travel more convenient, the Rock Island Lines joins other leading railroads to offer this Charge-It Plan.

Travelers using this plan carry just one card, issued by the Rail Travel Credit Agency. Ticket offices of all participating railroads will honor these cards for any travel originating on their lines . . . for rail, parlor or sleeping car tickets, as well as baggage charges.

Any company with proper credit rating can use this plan. No deposit, no service charge.
